

PMI PEPIN MANUFACTURING INC.

Pepin Manufacturing, Inc. is producing medical grade face shields at our ISO-13485/FDA registered medical facility in order increase supply of much needed personal protective equipment in medical facilities across the country.

CLINICAL FEEDBACK:

Designed by Pepin with feedback from Registered Nurses, Pepin's face shields are made with medical-grade, crystal clear polyester film with anti-fog coating on both sides—A feature many do not have.

PART NUMBERS:

FS-GEN Case of 80
FS-GEN-10 Case of 10

PRICING:

Starting at \$3.25 each with further volume discounts given.
